

CLUB CAPTAINS REPORT – 2017 AGM, 14 February 2017

To members and any guests present.

2017 was a successful year due to the things that were proposed at the last years AGM being implemented namely

- The Swiss system of running tournaments worked well in people almost always guaranteed getting a game
- a nice social atmosphere being promoted within the Kapiti chess club

Things that have not happened as yet were

- A new laptop for the club as the old one whilst ok at the moment will need to be put out to pasture soon.
- Running of a rapid tournament this year

Plans and Visions for the club moving forward

- Running a Fischer random tournament and holding a total of 2 tournaments a year
