

CLUB CAPTAINS REPORT 23/2/2011

2010 was a successful year although the following should be noted.

Lack of planning as regards to the date namely being fathers day the open tournament was run which resulted in a smaller than usual field enter

Coaching never happened for the juniors and for those that wish to improve their chess, but this has been rectified and coaching begins 9 March 2011.

Also, the same old faces are the backbone of this chess club perhaps it is time for some new faces to stand up and contribute to the ongoing success of our club.

Now for some positives:

A great standard of chess was played in 2010

Part funding for the new premises was achieved

The junior membership increased

Subs included entry into our open tournament

Apart from the council disruptions the new premises worked out well

A successful year that run in the most part smoothly.
