To members and any guests present.

2020 was a successful year due to the things that were proposed at the last years AGM being implemented namely

- The Swiss system of running tournaments worked well in people almost always guaranteed getting a game
 - a nice social atmosphere being promoted within the Kapiti chess club
 - The strong development of Juniors thanks to Gordon Lyall
 - A very successful Kapiti Rapid tournament that was held in 2019
- Introduction of the Winter Cup which was hotly contested

Plans and Visions for the club moving forward

- Running a Fischer random tournament as well as holding an open rapid tournament a year
